

Market Competitive Salary Guideline Scale

For Early Learning and Child Care Centres, 2016 - 2017

What's New for 2016 – 2017?

There has been an increase of 2% from the Market Competitive Salary Guideline Scale 2015-2016 (MCSGS) to reflect the compensation forecast for the not for profit sector, based on research conducted by PeopleFirst HR Services.

What is a Market Competitive Salary Guideline Scale (MCSGS)?

The purpose of the MCSGS is to answer the question “how much should an ECE earn?” MCCA hired PeopleFirst HR Services to analyze the education, skills, and abilities required of Executive Directors, Early Childhood Educators, and Child Care Assistants. They used the job descriptions in the *Human Resource Management Guide for Early Learning and Child Care Programs* and recommended salary ranges competitive with other jobs that require similar training and responsibility. The MCSGS provides employers with a guideline for establishing fair compensation, and a logical structure that ensures equity between positions.

How much do ECE's currently earn?

The average Director has 24 years of experience and earns \$30.69 per hour. The average Supervisor has 17.8 years of experience and earns \$22.03 per hour. The average ECE has 12.5 years of experience and earns \$18.38 per hour. The average CCA has 6.3 years of experience and earns \$12.93.

The current average for all positions is below or slightly above the recommended market competitive starting salary for all positions.

What do the levels mean?

Level 1 is the salary scale minimum. It is appropriate for someone who meets the educational requirements but lacks the required experience and some of the necessary skills. Level 5 is the salary scale maximum and is the end of the scale. It is appropriate for someone who meets the educational requirements, and is fully proficient in the job. Increments are earned based on length of service, high quality performance, or both, depending on the policies of the centre board.

Do child care centres have to pay market competitive wages to their employees?

No. The board of directors of each child care centre is responsible for determining compensation for their employees. MCCA recommends the boards of directors adopt the current or most affordable salary guideline scale as the minimum salary range for all employees, and to compensate all employees at a level appropriate to their educational credentials and years of experience.

How can the MCSGS be used?

The MCSGS helps ECEs and CCAs know what compensation to look for when seeking employment. The board of directors or centre administrator will find the MCSGS helpful when establishing a fair wage scale for employees, when budgeting, and also when trying to recruit new employees. MCCA provides the MCSGS to government to promote improvements to child care compensation, enhanced funding, and as a solution to address the recruitment and retention challenge. School divisions, child minding organizations, ECE training institutions, and other provincial child care organizations also refer to the MCCA wage scale as it is the only research based salary scale for the child care workforce in Canada.

More information about the MCSGS, including other wage scale options, is available on our website www.mccahouse.org under Advocating for Quality.

Market Competitive Salary Guidelines Scale, For Early Learning and Child Care Centres, 2016 - 2017

About the Market Competitive Salary Guideline Scale

The salaries are based on the definitions and job descriptions in the *Human Resource Management Guide for Early Learning and Child Care Programs*, Manitoba Child Care Association, 2014.

- Annual salary is based on a 40 hour week. For work weeks with fewer hours, the salary should be pro-rated.
- This salary scale is current as of October 2016 and is designed to reflect the competitive market and relative values within the scale.
- Level 1 is the salary scale minimum. This salary is appropriate for someone who meets the educational requirements but lacks the required experience and some of the necessary skills. This salary is appropriate for someone new to the job and requires considerable guidance and supervision.
- Level 5 is the salary scale maximum. This salary is appropriate for someone who is fully proficient in the job. They have developed the necessary skills and require very little guidance or supervision. This salary is typically reflective of someone with four years experience in the job.

Market Competitive Benefits Package

People First HR Services advises that a comprehensive benefits package can be a key factor in attracting and retaining employees. They suggest the following benefits are considered to be market competitive:

- A vacation plan which provides 2 weeks vacation initially, 3 weeks at 3 years of employment, 4 weeks at 10 years and 5 weeks at 15 years. Directors would normally start at 3 weeks.
- Eight statutory holidays, plus any additional observed by the Government of Manitoba ex: Easter Monday.
- A registered pension plan to which the employer makes a minimum matching contribution of 4%.
- A group medical plan which includes prescription drugs, hospital, paramedical, medical supplies and travel coverage.
- A dental plan which covers preventative, basic and major treatments.
- A short term disability plan which provides income to the employee for short periods of incapacity. This can be done through an insured plan or through salary continuation.
- A long term disability plan which provides income to the employee in the event that they can't return to work for an extended period of time.
- Life and accidental death & dismemberment insurance.
- The cost of the group benefits plan should be shared between the employer and the employee with the premiums structured so as to make any benefits under the disability plans tax effective.

MCCA offers our members a comprehensive group benefits plan through HealthSource Plus that also includes a substantial health and wellness program, a management assistance program, and a retiree plan for those who leave the workforce. Employers that offer the MCCA endorsed group benefits plan will find it helpful to recruit and retain employees that want to maintain comprehensive, affordable group benefits coverage. Coverage is transferable to any licensed child care program that participates in the plan.

MCCA recommends that employers:

- Contribute a minimum of 1% of gross annual salary toward the cost of 24 hours per year of professional development in early learning and child care for each employee that has successfully completed the probationary period.
- Provide all employees with a salary scale relevant to their position, a job description, personnel policies, and an employment contract upon hiring.
- Employ graduates from Manitoba's CCEPAC approved early childhood education programs (or recognized equivalent) as primary care givers.
- Develop a written plan to follow should the centre become unable to meet the requirements of *The Community Child Care Standards Act*, whether related to proportion of trained staff, qualifications of staff, staff to child ratio's or group sizes.

Director:

- As defined in *The Community Child Care Standards Act*, Manitoba Regulation 62/86.
- Director I: Manages a facility of 50 spaces or less.
- Director II: Manages a facility of 51-100 spaces.
- Director III: Manages a facility of 101-150 spaces.
- Director IV: Manages a facility of 151-200 spaces.
- Participates in at least 24 hours of ECE professional development per year.
- MCCA recommends that centre Directors have a relevant credential in management.

Directors are in charge of the daily management of the centre. They oversee all aspects of the program and are accountable to the Board of Directors. Their duties are primarily managerial, requiring supervision of staff who care for and educate the children.
