

MCCA's Parkland Branch presents a day full of Professional Development
from Inspirit Childhood

When: Saturday March 3rd, 2018

Location: 520 Whitmore Ave E, Dauphin, MB (ACC Dauphin)

First session Time: 9:00am-11:45am

Inside Out and Outside In

MCCA members \$20.00 non-members \$40.00

How often have we heard the term "bring the inside outdoors" or "bringing the outside indoors"? How many facilities have gone further than bringing some sticks and stones indoors or adding dried leaves to the art area? Who has tried something other than a basket of books outdoors under a tree or carrying out the "little kitchen"? In this workshop we will look at ways to take all of those learning areas that are so important to our indoor world outside for children to enjoy. We will also look at the aspects of our outdoor environment that we value and discuss ways that they can be incorporated indoors every day.

Lunch break 11:45am-12:30pm lunch will be provided for \$10.00 a charge

Second Session Time: 12:30-3:15 pm

Creating Strong Connections

MCCA members \$20.00 non-members \$40.00

This workshop is all about exploring the importance of creating connections within our facilities. Participants will explore the importance of effective communication, take a close look at personal values and the values within their facilities. We will discuss methods to overcome adversity, talk about resilience and practice ways to relax your body and your mind, many of which you can take back to try with your team and even with the children. Lively conversation, team-building activities, self-reflection and quiet meditation will keep participants interested and engaged throughout this workshop.
