Welcome to the Fall Workshop Series

Welcome to our fall workshop series. We are so excited to offer you 60 professional development opportunities to further your professional learning. We continue to offer a balance of in person and zoom workshops. If you are wondering if the workshop is suitable for you, please refer to the place in the description where it states who the workshop is suitable for. So, if the workshop is geared for those who care for infants and you work in a school age program, then this workshop would not be ideal for you. It is very important to read all of the workshop information to help you decide if this is the right fit for you and is meeting your professional development goals.

Please ensure that you register early to avoid missing out on any workshop that you are hoping to attend. Most workshops are capped at 30 participants and canceled if registration is below 10.

Prior to registering, please read over the workshop descriptions. Ensure you note how the workshop is being delivered as refunds will not be provided.

Information about registration and payment is below. Information about certificates and substitutions is on pages 3 & 4.

If you have any questions about the workshops, please contact Kayla Mauricio at 204-336-5051 or Karen Kowalski at 204-336-5062 (toll-free in MB at 1-888-323-4676) kmauricio@mccahouse.org or kkowalski@mcchouse.org.

If you have any questions about registration or substitutions, please contact Debbie at 204-336-5065 (toll-free in MB at 1-888-323-4676 ext. 227) or dcrampton@mccahouse.org.

WORKSHOP DELIVERY

The brochure is divided into two parts: In-Person Workshops and Zoom Workshops. They are listed chronologically for each type.

In-Person Workshops (pages 6 - 40): Most of these will be held at MCCA. Please watch for the finger icon.  This indicates that the location is elsewhere.

Zoom Workshops (pages 43 - 56): These workshops are all virtual. A reliable internet connection is required for zoom workshops. Please note the zoom policies listed on page 43.

HOW TO REGISTER AND PAY

If you are paying by credit card then you must use our online registration. Go to www.mccahouse.org, click on the professional development button, select workshops and then click on the link to access the online registrations. Please avoid using auto-fill when registering online.

If you are paying by cheque, please complete the registration form (found online) and mail it with your cheque to MCCA. If you are registering people from the same centre, you can fill out one registration form for everyone.

You can also come to MCCA during our office hours to drop off your completed registration form and pay by cash, cheque, or debit/credit.

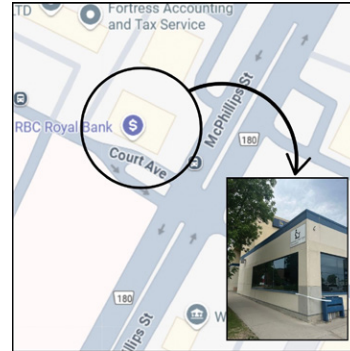

*If email addresses are missing or incomplete, registration will not be processed.

Please ensure that registration has the correct email address and the correct spelling of the participant's name. Make sure the name is the person who is attending and not who is doing the registering.

WHERE TO FIND US

MCCA is located on the second floor of the Royal Bank Building on the corner of Court and McPhillips Street.

POLICIES

Prior to registering for workshops, please read the workshop policies, particularly cancellations and substitutions. The policies can be found on page 57.

PARKING

There is no parking allowed in the parking lot at the strip mall at 1021 Court. If you park there, your vehicle will likely be towed. There is no parking permitted in the Royal Bank Parking lot (this includes evenings and Saturdays).

Next to 1021 Court Medical Centre parking lot is a paid parking lot. It is \$8.00 for the full day. You may also download the hangTag app and pay via Visa debit or credit card. There is limited street parking available.

***MCCA is not responsible for towed vehicles. Ensure you are parking in the paid parking lot or on the street. ***

WORKSHOP CERTIFICATES

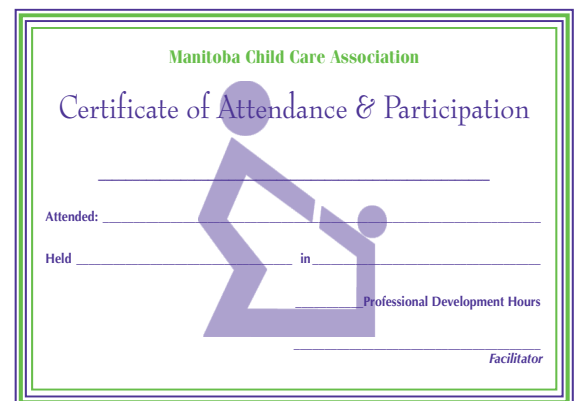

Please ensure when you register someone for a workshop the name is spelled correctly. The way it is entered will be how it will appear on the certificate. Errors made by the person completing the registration online or on paper will result in a \$10.00 charge to have a new certificate issued.

When you attend an in-person workshop, you will receive a paper certificate of participation. Zoom participants will receive an electronic certificate. Each certificate will have the amount of workshop hours on it to help you track your professional development hours. Best Practices recommends 24 hours of professional development each year.

Replacement certificates for workshops are available for \$10.00 each.

Keep the original certificate and provide copy to employer.

If you are attending Best Choices: Ethics Part II, III, or IV, you will need to bring your certificate and handouts with you.

SUBSTITUTIONS

MCCA does not offer refunds for workshops. If you are unable to attend a workshop for any reason that you have registered for, you can send someone in your place as a substitute. Contact Debbie Crampton at MCCA at 204-336-5065 or dcrampton@mccahouse.org. Substitutions must be made by 3:00 pm the day of the workshop for workshops held Monday – Thursday or 3:00 pm on Friday for Saturday workshops. This will ensure the substitute will receive a certificate. No refunds means that we won't reimburse the fee or allows the registrant to attend another workshop.

FEELING UNDER THE WEATHER?

If you are not feeling well, have a fever, coughing, achiness, or sore throat, we ask that you **do not** attend your in-person workshop to reduce the chance of infecting others. If you cannot attend a workshop that you are registered for (for whatever reason, illness or other), there are no refunds. You can send a substitute in your place. Please see above and refer to the workshop policies on page 57 for more information.

GETTING THE MOST OUT OF YOUR WORKSHOP

At MCCA we strive to provide our members with professional development opportunities that are relevant, presented by professionals, and offer opportunities to learn. We want your workshop experience to be an uplifting and valuable one so we have a few suggestions that can help you accomplish this.

Professional goals: You are looking over the workshop line up and deciding what workshops to take. What factors help you to decide what workshops to take? Do you have a goal to work on, are you looking for new ideas on a specific topic, or are you just filling professional development hours?

Arrive on time: Once you have signed up for a workshop, jot down the time and date on a calendar so you remember to attend your workshop on time or log on before the workshop begins. MCCA does not send out reminders. Put a note that if the workshop is in-person and where or if its via zoom

Venture out: People who work together over a period of time will usually have the same work philosophies, experiences, ways in which things get done, etc. How about spreading your wings and connecting with people you don't know? Try sitting with new people or use the break out room as an opportunity to connect with new people, learn from each other, share your ideas, and network.

Participate: If you have signed up for a workshop, it is your obligation to fully participate in that workshop. This can be difficult after a long work day but you will only get out of the workshop what you put in. Sharing your experiences may provide someone else with a solution to a dilemma that they have encountered or maybe your story will give someone a boost, or just a much needed laugh. A Zoom workshop is a live event and participation is expected. Zoom workshops are not webinars.

Evaluate: In order to provide you with quality workshops, MCCA needs your feedback. It is important for us to know what you thought about your workshop, the presenter, and what type of workshops you would like to see offered in the future. Please take the time to complete the online evaluation you are sent after the zoom workshop.

PROFESSIONAL DEVELOPMENT BROUGHT TO YOUR DOOR!

Are you looking for a workshop that would benefit your staff? Are you looking for some professional development for a staff meeting or a staff retreat? Have you attended a workshop and wished your entire staff heard the same message? If you answered yes to any of these questions then perhaps we have the solution. You can contact MCCA to arrange for your personalized professional development. This service is available to child care centres or groups of family child care providers across the province and can be delivered by Zoom or in-person.

Benefits of your own personalized professional development opportunity:

- Everyone hears the same message
- Reduced cost – the cost to bring someone in for 35 people is cheaper than registering 35 people for a workshop
- Topic specific to your needs
- Flexibility with dates and times

MCCA has an extensive database of presenters, many of which have been presenting professional development for many years. Due to this consistent relationship with us, the presenters may be able to provide a discounted rate through MCCA. In 2024, MCCA has organized almost 49 personalized PDs for programs throughout Manitoba. The most popular workshop topic is Team Building.

What do you need to do to book a workshop?

Contact Karen Kowalski at kkowalski@mccahouse.org and provide the following information:

- Topic you are seeking
- Number of staff that will participate
- Possible dates and times for your event
- Budget
- * In-person or Zoom

What MCCA will provide:

MCCA will search our presenter database to match your topic & budget and we will provide the following:

- Initial contact of the presenter
- Contract with the presenter
- Organize audiovisual, handouts, etc.
- Invoice the centre
- Provide participation certificates for your staff
- Provide evaluation forms
- Payment of the facilitator

Cost for the service is dependent on length of event, number of attendees, and other costs.

If you have questions or are interested in having MCCA book your next professional development event, contact Karen Kowalski at kkowalski@mccahouse.org or 204-336-5062 or toll free 1-888-323-4676 ext. 224.

When attending a professional development event we ask:

Please take responsibility for the energy you bring to this event.

Your words matter. Your behaviours matter.

Our Members, Facilitators, Guests & MCCA Staff matter.

Take a slow, deep breath and be mindful of your energy before entering this collaborative meeting and learning environment.

Thank you

Closing Your Stress Loop: A deep dive, experiential day of the top 10 strategies and practices for self-regulation and a happier nervous system

Saturday, September 27, 2025
9:00 am - 3:00 pm

Suitable for: All
PD Hours: 6

Feeling overwhelmed, on edge, or stuck in survival mode? If you're tired of trying to figure out what actually works to reduce stress and want practical tools that feel right for you, this hands-on day may be a timely choice. Rooted in evidence-based research and inspired by the work of the Nagoskis (authors of *Burnout: The Secret to Unlocking the Stress Cycle*), this full-day experiential workshop will help participants understand how to close the stress loop and find stability in times of chaos.

Through breathwork, gentle movement, creative practices, and mindful reflection, you'll explore strategies that support your nervous system and build lasting resilience. You'll leave with a personalized, repeatable toolkit for calm, clarity, and connection, both in your centre and at home.

Whether you need a reset or just some new tools, this day is about putting your well-being back on the map—with support, science, and space to breathe.

In this interactive session, participants will learn how to:

- Understand your nervous system and where to start with regulation
- Close your stress loop and why it matters for your body, mind, and relationships
- Try out practical strategies, some quick, some creative, all backed by research
- Build your own go-to plan that feels realistic and meaningful
- Stay accountable when stress rises and motivation dips

Participants are on their own for lunch. There will be an hour lunch break. MCCA has a fridge, microwave, and a toaster oven for your convenience. There are several restaurants in the area.

FACILITATOR: Shannon Gander understands what it's like to work on the edge of burnout. She has also worked with multiple clients whose stress has impacted their ability to work and has contributed to short and long-term disability. Shannon is highly motivated to prevent this by equipping individuals and teams with skills for thriving through stress and preventing burnout. She also demonstrates how everyone can contribute to healthy organizational culture for better health, engagement and safety at work.

Drawing on her academic background in counselling, corporate health and conflict mediation, Shannon leaves participants with portable skills and practical strategies to apply right away from the boardroom, classroom, to the kitchen table.

Shannon is one of the authors in the book: Teacher Take Care – a guide to well-being and workplace wellness for educators. When not presenting, Shannon works in her private counselling practice in Winnipeg, Manitoba.

The Daycare Myth: What We Get Wrong About Early Care and Education (and What We Should Do About It)

Thursday, October 9, 2025

Suitable for: Managers, Leaders, Instructors, Policy Makers, etc.

9:30 am - 11:30 am

PD Hours: 2

For close to a century, early childhood policy has been premised on a myth. The falsehood - which dictates that child care and education are somehow separate and distinct - not only suboptimizes humankind's most critical period of development, but costs taxpayers an untold fortune. It's time to think differently. Join Dr. Dan Wuori, one of the field's most respected bipartisan policy experts for a conversation around his new book, *The Daycare Myth and its implications in Canada and beyond*.

FACILITATOR: Dr. Dan Wuori the Founder and President of Early Childhood Policy Solutions, a bipartisan public policy consultancy focused on the needs of young children, their families, and the early years professionals who serve them. He serves concurrently as a Strategic Advisor on Early Childhood to the Saul Zaentz Charitable Foundation. In both roles – and in his prior position as the founding Director of Early Childhood at The Hunt Institute in Cary, North Carolina - Dr. Wuori works alongside governors and state legislators to improve early years policy across the United States.

But to parents the world over, Dan is known not for his policy work, but for his innovative use of social media to educate about infants and toddlers – with more than 300,000 followers tuning in to his daily video child development lessons across platforms. This work was recently profiled in *The New York Times*, which called his X (Twitter) account “a font of delight and edification... educational, but also – put simply – *aww*”

His new book *The Daycare Myth: What We Get Wrong About Early Care and Education (and What We Should Do About It)* was released in September 2024. Upon its announcement, the book – which explores the costly disconnect between what we know and what we do when it comes to the needs of young children – spent more than a week at the top of Amazon's education best sellers list. It is now in its seventh printing.

Dan is currently hard at work on a second book, *Wonderment: Our First Three Years*, which was recently acquired by Ballantine Books (a division of Penguin-Random House) for publication in early 2027.

The Early Years Last a Lifetime

Thursday, October 9, 2025
7:00 pm - 9:00 pm

Suitable for: All/Parents and Guardians
PD Hours: 2

"We want children to come to school ready to learn." Underlying this common refrain lies a fundamental misunderstanding about young children's learning... which not only does not begin at the schoolhouse door, but predates even birth itself. Join Dr. Dan Wuori, known globally for his uplifting and informative social media presence, as he unpacks the origins of language, love, and learning using the same informative infant/toddler video clips that lead an audience of more than 300,000 to tune into his daily child development lessons online.

Every Child Belongs: Advancing Inclusion in Early Childhood Programs

Wednesday, October 15, 2025
6:30 pm - 8:30 pm

Suitable for: All
PD Hours: 2

This workshop is the fourth of five in a series developed to support and enhance inclusive practices. The last of the series will be presented in the spring of 2026. We embrace inclusion and celebrate diversity as the means to foster the well-being of every child and thereby enrich our communities. All are entitled to full participation and support to meet their individual needs using a strength based, family centred approach, whereby we all learn from each other.

In this interactive workshop, participants will explore practical, strength-based strategies to support meaningful inclusion in early childhood settings. Designed in partnership with the Manitoba Child Care Inclusion Committee, the Manitoba Child Care Association, and Early Learning and Child Care Program, this session offers a deep dive into:

1. What inclusion *really* looks like in practice
2. The benefits of inclusive programs for children, families, and staff
3. Common barriers to inclusion and how to overcome them
4. Collaborative approaches to working with families and professionals
5. Using observations to foster and ensure inclusivity in your programs

Participants will engage in breakout discussions, explore real case studies, and leave with actionable tools to support inclusion in their own programs.

Whether you're a seasoned educator or just beginning to adapt your program to be more inclusive, this session offers practical insight, shared experiences, and a reaffirmation that *every child belongs*.

This session is one of five workshops that has been developed in partnership by the Manitoba Child Care Inclusion Committee, Manitoba Child Care Association, and the Manitoba Early Learning and Child Care Division. The workshops are fully funded by the federal government as part of the Canada-Wide Early Learning and Child Care Agreement.

Best Choices: Ethics I + II *FRENCH*

Saturday, October 18, 2025
9:00 am - 4:00 pm

Suitable for: All
PD Hours: 6

Le 22 mai 2025, un Code de déontologie révisé a été ratifié par les membres de la MCCA. En conséquence, la série d'ateliers sur l'éthique sera mise à jour pour refléter le nouveau code et inclura du contenu actualisé.

Au cours de l'année à venir, le Comité d'éthique offrira la série d'ateliers originale basée sur l'ancien code pour ceux qui souhaitent la compléter. Ainsi, les ateliers 1 et 2 seront proposés dans la série d'ateliers d'automne, atelier 3 pendant la série d'hiver, et atelier 4 serait offert en automne 2026. Les régions situées à l'extérieur de Winnipeg, ainsi que des groupes comme notre communauté francophone, peuvent contacter Karen Kowalski pour organiser des occasions permettant à leur communauté de compléter la série d'ateliers originale.

Alors que les ateliers originaux seront présentés une dernière fois, une nouvelle série sera développée et prête à être offerte à l'hiver 2027.

À propos de la série d'ateliers Cheminement éthique – Faire le meilleur choix

La série d'ateliers Cheminement éthique – Faire le meilleur choix se compose de quatre ateliers qui vous aideront à acquérir les compétences nécessaires pour adopter une pratique éthique. Un cheminement éthique est un processus personnel et continu de prise de décisions éthiquement éclairées qui tient compte des expériences personnelles.

CHEMINEMENT ÉTHIQUE – FAIRE LE MEILLEUR CHOIX

Atelier I – Croyances, valeurs et règles éthiques personnelles

Durant l'atelier I, vous effectuerez une série d'exercices qui vous aideront à cerner et à préciser votre système de croyances, une étape cruciale du cheminement éthique. Ce premier atelier est pré-requis pour les trois prochains ateliers du cheminement éthique.

CHEMINEMENT ÉTHIQUE – FAIRE LE MEILLEUR CHOIX

Atelier II – Croyances, valeurs et règles éthiques professionnelles

Durant l'atelier II, vous apprendrez à connaître le code de déontologie de la MCCA et vous découvrirez comment vous pouvez le mettre en application au quotidien en la présence d'enjeux et de dilemmes.

Les participants doivent apporter leur propre dîner.

FACILITATORS: **Gines Combiadakis** travail auprès des enfants depuis 1991. Sa carrière en service de garde a commencé en 1999 et en 2004, il a obtenu son diplôme en EJE II. Il a travaillé comme éducateur, superviseur et directeur jusqu'à 2011 quand il s'est joint à l'Université de Saint-Boniface où il enseigne en Éducation de la jeune enfance. En 2012, il a obtenu son diplôme en EJE III et en 2016, a complété sa formation pour devenir guide des ateliers en cheminement éthique et membre du comité d'éthique avec la MCCA.

Wooden Wonders: Making and Maintaining Wooden Toys

Monday, October 20, 2025
6:30 pm - 8:30 pm

Suitable for: Front Line
PD Hours: 2

Tap into the timeless charm of handcrafted play! In this hands-on workshop, you'll learn the basics of building and caring for wooden toys, designed to last through years of imagination and adventure.

Guided by Quinn from Kustom Kitties, you'll create your very own wooden toy camera to take home. As you create you will learn tricks for sanding, sealing, and safely maintaining wooden toys in early learning environments.

FACILITATOR: **Quinn Nikulak** is an enigma wrapped in a mystery. Well, actually, he's just a former teacher who now makes toys. Starting his career as a special education teacher and frustrated by the cost of anything educational, he took on the task of building anything and everything for early childhood.

Based in Cupar, Saskatchewan, he builds everything under the sun. He also teaches teachers and kids how to use tools to make their own toys. From coast to coast to coast (or at least Manitoba and Saskatchewan), you can find him spreading the joy of creating toys with your own two hands.

ETHICS WORKSHOPS INFO

On May 22, 2025, a revised Code of Ethics was ratified by the MCCA membership. As a result, the ethics workshop series will be revised to reflect the new code and include updated content.

Over the next year, the Ethics Committee will offer the original workshop series using the original code for those who would like to complete the series. As such, Part 2, Part 3 and Part 4 will be offered in the fall workshop series, Part 3 and Part 4 in the winter workshop series, and Part 4 will be offered at the MCCA conference in 2026. Regions outside of Winnipeg and groups such as our Francophone community, can contact Karen Kowalski to plan opportunities for your community to complete the original workshop series.

As the original workshops are delivered one final time, a new series will be developed and ready to offer in the Winter of 2027. If at this time you have not completed the series, you will start again with this revised series.

This Community of Practice grew out of a group of directors who wanted to meet to support each other on their pedagogical journey after they attended the 11th Annual Directors Conference – 'Leading a Year of Reflection'. This group has had members come and go but a core group has kept it going. We invite you to join us if you are in a leadership position or may be the pedagogical leader at your centre and mentor or coach staff.

Join us as we share and support each other's pedagogical journey. At each meeting, we spend three hours, getting together to think deeper about topics that are current and relevant to our daily practice. The meeting content includes a round table discussion of specific questions posed to everyone, discussion of articles, pedagogical fo-cused activities, guest speakers, and sharing of resources. To receive the full benefit of this group we encourage you to register and attend all five meetings that happen throughout the year.

Once you register, approximately one week before the meeting you will be sent an agenda and read-ings (to discuss at the meeting) by Karen Kowalski. The email will be sent to the email entered on the registration, so if multiple people from one centre are attending then please share with others.

How to Handle Toxic Behaviour

Thursday, October 30, 2025
9:00 am - 3:00 pm

Suitable for: Leaders
PD Hours: 6

Employees who demonstrate toxic behaviour can poison the best work environment and derail teamwork and motivation and the worst part is you often don't know that you've hired one until it's too late. It's the person who has a negative response to any new idea, who's the first one out the door, who never volunteers to help out, who calls in sick often, who gossips, who complains, or who brings all of their personal problems to work!

Getting rid of them may not be simple and labour laws and possible legal implications must be considered. Ignoring or containing them seldom works. Managing the toxic employee can be one of the most challenging tasks you have to do each day.

This session through exercise and discussion will explore some ethical strategies that might just work.

Participants are on their own for lunch. There will be an hour lunch break. MCCA has a fridge, microwave, and a toaster oven for your convenience. There are several restaurants in the area.

FACILITATOR: Melenie Olfert has worked as an independent consultant sharing her knowledge and expertise through leadership projects and workplace training. With a background in adult education and training, Melenie is now a published writer, as well as an accomplished speaker on intercultural & diversity in the workplace, human resources and leadership development. Further to her training experience, Melenie is an instructor with the University of Winnipeg, PACE Program, where she teaches in the Leadership Program. She is also the co-facilitator of the Language Interpreter Training Program which supports language diversity in work and community settings. Outside of work, Melenie volunteers in assisting newcomers in preparing for their Canadian citizenship exams.

Suitable for: All
PD Hours: 3

Important Note: On May 22, 2025, a revised Code of Ethics was ratified by the MCCA membership. As a result, the ethics workshop series will be revised to reflect the new code and include updated content.

Over the next year, the Ethics Committee will offer the original workshop series using the original code for those who would like to complete the series. As such, Part 2, Part 3 and Part 4 will be offered in the fall workshop series, Part 3 and Part 4 in the winter workshop series, and Part 4 will be offered at the MCCA conference in 2026. Regions outside of Winnipeg and groups such as our Francophone community, can contact Karen Kowalski to plan opportunities for your community to complete the original workshop series.

As the original workshops are delivered one final time, a new series will be developed and ready to offer in the Winter of 2027.

In this third step of your ethical journey, you will use MCCA's Code of Ethics as a tool and examine a process for ethical decision making. Again, the complexity of best choice decision making will be apparent, but you will feel like you know how to decide what should be considered prior to making that best choice.

Suitable for: All
PD Hours: 3

Important Note: On May 22, 2025, a revised Code of Ethics was ratified by the MCCA membership. As a result, the ethics workshop series will be revised to reflect the new code and include updated content.

Over the next year, the Ethics Committee will offer the original workshop series using the original code for those who would like to complete the series. As such, Part 2, Part 3 and Part 4 will be offered in the fall workshop series, Part 3 and Part 4 in the winter workshop series, and Part 4 will be offered at the MCCA conference in 2026. Regions outside of Winnipeg and groups such as our Francophone community, can contact Karen Kowalski to plan opportunities for your community to complete the original workshop series.

As the original workshops are delivered one final time, a new series will be developed and ready to offer in the Winter of 2027.

In Manitoba and Canada, those who work in early learning and child care environments have a Code of Ethics to guide our standards of practice. Using this code is a professional obligation. This four-part series occurs in a specific order, with each workshop a pre-requisite for the following session. The series helps us to use this code in our daily practice and continues to receive rave reviews. Here's your chance to join us in some serious fun!

In this second session in your ethical journey, you will be introduced to the MCCA Code of Ethics and understand its benefits. You will also begin to learn the process of ethical decision making. In this session you will receive your personal copy of the Code of Ethics and a handy wallet size card with the principles to keep at your fingertips

Tuesday, December 2, 2025
9:00 am - 3:00 pm

This workshop offers practical strategies to make your writing clearer and more effective. You'll learn how to focus on your reader's needs, write strong sentences, and organize information in a way that makes sense. You'll also work with your own documents, get feedback, and participate in hands-on exercises to help you apply your knowledge.

- Remove jargon and unnecessary words that make your message harder to follow
- Use plain language to connect with your reader and improve accessibility
- Write clear sentences that express your ideas accurately
