

Manitoba Child Care Association MCCA

Group Benefits Plan

**Manitoba Child
Care Association**

Welcome

As the largest provincial child care association in Canada, the Manitoba Child Care Association (MCCA), in partnership with Canada Life and HUB International are pleased to offer members access to an exclusive Group Benefits Plan. Participation in the plan allows members to offset their financial risk by pooling together with a large group of Child Care Centres and Family Child Care Providers across Manitoba. Our policy size allows us to negotiate long-term premium stability as well as low administration fees. This structure ultimately leads to material savings for each centre and provides financial protection at both the employee and centre level.

Eligibility

Centres must hold an MCCA Membership; individuals must hold an individual MCCA Membership, and work 20 hours on a permanent part-time or full-time basis. You must have provincial plan coverage (or special temporary replacement coverage) in place to be eligible for the benefit plan. **You must also enrol your eligible family members under the plan.** Eligible family members include:

- ▶ Your legally married spouse
- ▶ A common-law spouse (a person who has been living with you in a conjugal relationship for at least 12 months)
- ▶ Your unmarried children under age 21, or under age 26 if they are full-time students.
- ▶ Children under age 21 are not covered if they are working more than 30 hours a week, unless they are full-time students.
- ▶ Children who are incapable of supporting themselves because of physical or mental disability are covered without age limit if the disorder begins before they turn 21, or while they are students under 26, and the disorder has been continuous since that time.

If you are enrolled in a spouse's plan and decide to waive health and dental benefits, you must still be enrolled in pooled benefits, including life, AD&D, EAP and disability insurance.

MCCA's Group Benefit Plan is designed exclusively for Early Childhood Educators and Child Care Assistants. The benefit plan option is determined at the centre level, **with the ability to select a new option every 2 years.**

To ensure you have a plan that best meets your Centre's needs, 3 Plan Options are available with the **flexibility to add Short-Term Disability and elect either a 3 or 6-month waiting period.**
