When someone walks into your centre would they hear the sound of children and adults singing together? If not, this workshop is for you. Sing along with Melanie and Michele as they recall some of their favourite children's songs. This is a participatory workshop so plan on sharing some of your own "go-to" songs and finger plays. And yes, we will provide a take-away songbook to jump start your musical trail back to your centre.

Presenters:

Melanie Glaser is the program Supervisor and pedagogical leader at Seven Oaks Child Day Care Centre. She has 32 years experience and loves singing and dancing with children. A singing child is a joyful child.

Michele Grant has been working and volunteering in the early childhood community for over 40 years. One thing that remains constant is the ability to connect with children through song. She encourages you to do the same!

Due to the surplus our region currently has we are able to offer this workshop for a very low, low price.
