

Best Choices: Ethics Workshops in Westman

Best Choices: Ethics Part I November 23, 2023

In Manitoba and Canada, those who work in early learning and child care environments have a Code of Ethics to guide our standards of practice. Using this code is a professional obligation. This four-part series occurs in a specific order, with each workshop a pre-requisite for the following session. The series helps us to use this code in our daily practice and continues to receive rave reviews. Here's your chance to join us in some serious fun!

This is the first workshop in the MCCA's ethical journey series. In Part I, you will learn about beliefs, values, and ethics and the relationship between them. You will learn to identify your own beliefs, values, and ethics and understand how they impact your actions. You will also learn to understand others' beliefs, values, and ethics.

MCCA provides participants with a certificate which tracks your journey through all four parts. This workshop is the pre-requisite for the other three parts of the ethical journey.

Best Choices: Ethics Part II November 30, 2023

In this second session in your ethical journey, you will be introduced to the MCCA Code of Ethics and understand its benefits. You will also begin to learn the process of ethical decision making. In this session you will receive your personal copy of the Code of Ethics and a handy wallet size card with the principles to keep at your fingertips.

Best Choices: Ethics Part III December 7, 2023

In this third step of your ethical journey, you will use MCCA's Code of Ethics as a tool and examine a process for ethical decision making. Again, the complexity of best choice decision making will be apparent, but you will feel like you know how to decide what should be considered prior to making that best choice.

Facilitators: Jenn Cullen is an instructor at Assiniboine Community College in the ECE department. She has dabbled in many early learning programs, such as child care centre director, nursery school, family resource, parenting program facilitator. She enjoys going on the ethical journey with the variety of people she meets in the workshops, as well as the students she works with every day, and continuously learns something new about herself! She believes in life-long learning, that there is good in everyone, and that it will always all work out in the end!

Chantel McRae spent 17 years working in the child care field, including 10 years as a Director in rural Child Care Centres. Now that she has her own tiny humans, she has switched gears and is working as a podcaster from her home office. While she is not currently working in the child care field, she continues to be excited for the opportunity to be an Ethics Guide during this chapter of her journey.
