Best Choices: Ethics Part I

8:30AM – 11:30AM

In Manitoba and Canada, those who work in early learning and child care environments have a Code of Ethics to guide our standards of practice. Using this code is a professional obligation. This four-part series occurs in a specific order, with each workshop a pre-requisite for the following session. The series helps us to use this code in our daily practice and continues to receive rave reviews. Here's your chance to join us in some serious fun!

This is the first workshop in the MCCA's ethical journey series. In Part I, you will learn about beliefs, values, and ethics and the relationship between them. You will learn to identify your own beliefs, values, and ethics and understand how they impact your actions. You will also learn to understand others' beliefs, values, and ethics.

MCCA provides participants with a certificate which tracks your journey through all four parts. This workshop is the pre-requisite for the other three parts of the ethical journey.

Best Choices: Ethics Part II

In this second session in your ethical journey, you will be introduced to the MCCA Code of Ethics and understand its benefits. You will also begin to learn the process of ethical decision making. In this session you will receive your personal copy of the Code of Ethics and a handy wallet size card with the principles to keep at your fingertips.

Facilitators: Sina Romsa served in a range of positions in ECE, community services and on the MCCA and the CCCF boards. One of the MCCA Ethics Committee founders and past chair, her passion for diversity, ethics, and the "road less travelled" continues.

Keri Waterman has over 30 years experience within the child care community, working with children of all ages, from front line to finance and administration including four years at the University of Manitoba as practicum supervisor.
